Another Pizzeria? Far from it! "The Original Big Tomato" has been serving up the most unique gourmet pizzas in south Miami since 1994. This carry-out café is always packed with regulars either sitting down or taking the gourmet goods home. Loyal customers come from The Keys and as far north as Delray Beach. Something is different here. For one, a pizza is called a "Tomato Pie" and is made from scratch daily, using the original century-old Sicilian recipe. A Tomato Pie looks like a deep dish pizza, however it has a light and airy crust that is thicker on the sides and thinner in the center, while the cheese covers the edges. These

pies are made with homemade sauces, imported Italian cheeses and baked to perfection. They melt in your mouth as you savor every last morsel. The Original Big Tomato features over 22 exotic versions of pizza such as, the *Sweet Sunshine Pie* with sun-dried tomatoes, spinach and goat cheese or the *Baja Barbeque Chicken*. The menu also features wraps and amazing salads served in French "Boule" bread bowls, baked fresh every morning. Their Caesar salad is beyond comparison. Big Tomato uses all fresh ingredients, and also offers whole wheat crust upon request. **"GOTTA EAT IT, TO BELIEVE IT"** what they say at this pizzeria.
